Are you in need of candidates? PA CareerLink® Lancaster County is passionate about connecting employers and candidates. Please join us for this Employer Information Session to learn how we lead job seekers towards a path of employability along with the Business Services we offer for companies. Through this dual-approach, we strive to bridge the gap between companies and jobseekers.

In addition, we would like to hear directly from employers about their unique workforce challenges. Share with the group what's working well and what's not working with your current recruitment strategies, and strategize new ways to improve workforce needs in the Columbia area.
